

Rapid Infrastructure Assessment (RIA)

Gain critical insights on your business' cloud readiness, compatibility, and interdependencies.

OVERVIEW

Rapid Infrastructure Assessment (RIA) provides an in-depth analysis of up to three infrastructure (Cloud or On-Premise) environments and identifies areas for optimization. By working with Onix, clients can benefit from our team's expertise in Cloud technologies, as well as our deep understanding of best practices for infrastructure design and management. This offering is particularly valuable for organizations looking to move to the cloud by optimizing their existing infrastructure.

OUR PROCESS

Discover

Define business objectives for cloud migration and desired outcomes.

Analyze

Evaluate workloads and infrastructure. Assess cloud readiness.

Plan

Report on inventory, recommend a plan for a cloud migration.

Next Steps

Onix can help you build a landing zone and move to the cloud leveraging our expertise in cloud migrations.

KEY BENEFITS

Reduce Costs

Operational Efficiency

Improved Performance
